**Subject:** Microsoft Settlement

To Whom It May Concern:

The settlement offer should be accepted and this matter should be brought to a close.; Microsoft built a better mousetrap and the public bought it. The individuals attempting to undermine the settlement are business entities who want the law to be used as a bludgeon to beat Microsoft out of a portion of the marketplace for them.

Let's end this matter and get on with living. Should anyone have any questions regarding my position on this case please feel free to use the contact information in this email to reach me.

Thank you.
